November 26, 2018

Dear Customer,

On November 26, 2018 the Board of Directors of North Collin Special Utility District (NCSUD) took affirmative action on changes to our Rate Order to increase the water rates. The last such increase was implemented in September 2016. North Texas Municipal Water District (NTMWD), from whom NCSUD purchases water, has increased their rates each year and are scheduled to do so annually in the future. Our increase is necessary to fulfil the costs for our normal operating expenses in addition to increases to our infrastructure to ensure the delivery of adequate service to our customers. The new rates remain among the lowest when compared to other water companies and cities in the area. **The water bills processed in January 2019 and those thereafter will reflect the increase.**

Below is a chart of the current and new rates.

Current		New	
Minimum	\$25.00	Minimum	\$29.00
1 to 10,000 gal.	\$4.90 per 1,000 gal.	1 to 10,000 gal.	\$5.81 per 1,000 gal.
