November 29, 2022

Dear Customer,

On October 17, 2022 the Board of Directors of North Collin Special Utility District (NCSUD) took affirmative action on changes to our Rate Order to increase the water rates. The last such increase was implemented in October 2018. North Texas Municipal Water District (NTMWD), from whom NCSUD purchases water, has increased their rates each year and are scheduled to do so annually in the future in addition to rising costs of our ground water resources, normal operating expenses and maintenance of our infrastructure to ensure the delivery of adequate service to our customers. **The water bills processed in January 2023 and those thereafter will reflect the increase.**

Below is a chart of the new rates.

Minimum	\$31.00
0 – 2,000 gal.	\$5.35 per 1,000 gal.
2,001 - 8000 gal.	\$5.89 per 1,000 gal.
8,001 – 15,000 gal.	\$6.48 per 1,000 gal.
All over 15,000 gal.	\$7.13 per 1,000 gal.

Example Usage Amounts

0 gal.	\$31.00
2,000 gal.	\$41.70
5,000 gal.	\$60.45
10,000 gal.	\$95.80
20,000 gal.	\$173.60
50,000 gal.	\$387.50

Minimum Charge

Meter Size	Monthly Rate
5/8" X 3/4"	\$31.00
3/4"	\$46.50
1"	\$77.50
1-1/2"	\$155.00
2"	\$248.00

The Board of Directors and the employees of North Collin SUD remain committed to providing you with a safe dependable water supply and appreciate your support.
